REST API Development

UI/UX Basics

EXPERIENCE

I am a Web Developer and React App Developer with experience in building responsive and user-friendly websites. I have worked on various online projects, including e-commerce and business websites, focusing on clean design and smooth user experience.

I specialize in HTML, CSS, JavaScript, and React.js, Node.js and Express.js with skills in creating dynamic interfaces, reusable components, and responsive layouts. I have experience in building REST APIs and working with MongoDB for database management.

HOBBIES

Exploring new web technologies

Designing modern websites

Learning JavaScript & React
